

Steinbrüchel: OPAQUE (+RE)
Ben Frost - Vedurathugan (10:00)

In spring 2005 Steinbrüchel commissioned 5 reinterpretations of the piece "Opaque3" by the internationally well known artists

Oren Ambarchi (AUS), Taylor Deupree (US), Ben Frost (AUS/IS),

Toshiya Tsunoda (JP) and Chris Abrahams (NZ).

Each of the contributing artists was chosen for his unique working method (Oren for his work with guitar, Taylor for processed sounds, Frost guitar feedback, Toshiya for fieldrecordings and Chris for piano). To make the remixes more

varied and special, each artist received only three samples/soundfiles from the original track, but none of the artists have received the same samples or even have heard the original "Opaque3 track by Steinbrüchel before the release of the CD.
